DETAILED ACTION

The indicated of allowability of claims 20-30 is withdrawn because the reason as set forth below:

Claim Rejections - 35 USC § 112(1)

Claim 1 is rejected under 35 U.S.C. 101 because the claimed invention is not supported by either a specific and substantial asserted utility or a well established utility.

In claim 1, the apparatus and method are recited in the same claim.

Claim 1 is also rejected under 35 U.S.C. 112, first paragraph. Specifically, since the claimed invention is not supported by either a specific and substantial asserted utility or a well established utility for the reasons set forth above, one skilled in the art clearly would not know how to use the claimed invention.

Claim Rejections - 35 USC § 112(2)

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 20-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The [a)statement of intended use or field of use, b)"adapted to" or "adapted for" clauses, c) "wherein" clauses, or d)"whereby"] clause provides language that suggests or makes optional but does not require steps to be performed or does not limit the scope of a claim or claim limitation (MPEP 2106 (II, C)). Accordingly, the metes and bound of the claim can not be ascertained by one having ordinary skill in the art.

Art Unit: 3663

It should be noted that claim 20 includes the phrase "operative to" is identical to the phrase "adapted to" as to provide language that suggests or makes optional but does not require steps to be performed or does not limit the scope of a claim or claim limitation.

Response to Amendment

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Allowable Subject Matter

Claims 20-30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claim 31-38 are still set in a condition of allowance.
